### A Prayer for World Peace

Dear God, thank You for all creation. In the spirit of Jesus of Nazareth and all teachers of peace who inspire the many faith traditions, help me and all the people of the world learn how to replace hate, war, oppression, and division with love, peace, freedom, and reconciliation. Help me to embody Your love in my relationships with my family, friends, strangers – even my enemies. I commit myself to this sacred task throughout my life. So let it be. Amen.

## Gospel Reflections with Father Tom

No one can live a Christian life without prayer. But we have to understand what prayer is and what it does.

Three men were trapped in a dark cellar which had no doors or windows. How did they react to their predicament?

The first was a writer by the name of George. He had no faith. He just sat there cursing the darkness. "There's nothing we can do," he said despairingly. "We might as well resign ourselves to our fate."

The second was Peter, who was a very religious man. He prayed for a long time. When he had finished, he sat back and waited for a miracle. The third man was a bricklayer by the name of Ivan. He was quite religious in his own way. But he was also a very practical man. He had a small chisel in his pocket. With the light of a match he found a small stone. Using this as a hammer he began to chip away at the wall.

The work was slow, monotonous, and extremely tiring. He got dust in his eyes and blisters on his hands. Neither of the other two showed any inclination to help him. George sat in one corner smoking. Peter sat in another corner praying. From time to time Ivan too prayed: "Dear God, I believe that with your help we can make it out of here. So help us now."

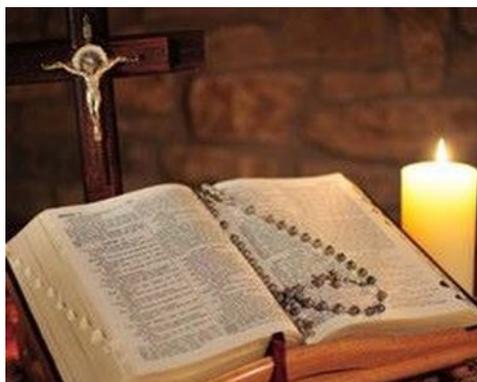

Finally, after hours of painful work, a big stone dislodged itself and light streamed in from next door. He began to shout for joy, praising and thanking God at the same time. His two companions helped him to widen the hole, and eventually all three crawled through and were free.

Here we see three different attitudes to prayer. For George it was a waste of time. Since he had no faith, his attitude was logical. If you don't believe in God, who can you pray to? For Peter, prayer was a substitute for action. So, once he had prayed, he sat back and waited for God to come to his rescue. A lot of our prayer is like that, especially our prayer on behalf of others. It's just words, an excuse for doing nothing. Ivan believed in prayer, not however as a substitute for action, but as a spur to action. Having prayed, he immediately took whatever action he could. His prayer served the purpose of keeping up his courage and hope. It also gave him a sense of God's nearness, and an assurance that God had not abandoned him. He drew great strength from this.

If we look at the First Reading, we will see Ivan's view of prayer in action. On their journey to the Promised Land the Israelites were set upon by the Amalekites. In their struggle they relied on the prayer of Moses, not as an excuse for doing nothing, but as a spur to action. And Jesus urges us in the Gospel to pray continually and never lose heart. Prayer does make a difference. It sustains us.

Those who pray never lose heart. When we turn our thoughts to God, we feel a new strength in our soul, in our entire being. "Without divine assistance I cannot succeed; with it I cannot fail." (Abraham Lincoln)

And faith and prayer are interconnected. St. Augustine said, "Faith pours out prayer, and the pouring out of prayer sustains and strengthens faith: Prayer is the oil that keeps the lamp of faith burning. The fruit of prayer is faith. The fruit of faith is love. The fruit of love is service. And the fruit of service is peace."

## Finish the Church: \$16.4 Million Renewal of Campus

*We are blessed to be back in our church, again whole with our enlivening faith environment. This new persistent message: Finish the Church, is our final push of the Capital Campaign, to complete the transformation of the entire campus and ensure our success for the next 30 years. While we have come far already, we will all need to work together to complete our vision of the new Saint John the Evangelist Catholic Church. Next week, our Finance Council will speak at every Mass to provide additional information on how we are moving forward to **Finish the Church**.*

By now, most of you reading this have seen the transformation of our campus for yourselves. If you were here during the Season, we were able to accommodate our Parish Family in multiple locations across the buildings while we completed the church. In doing so, you may have been introduced to rooms you may have not seen before, like our Ballroom or the new Gym. We hope you enjoy those locations for our Parish activities and events going forward, like our CYO Basketball, concerts, dances, and so much more.

As we have been discussing, this all played out for us during a Capital Campaign and a Hurricane. These challenges also allowed us to accomplish something we had never dreamed: a far deeper transformation of Saint John the Evangelist. Over 85% of our campus has undergone massive repairs and renewal in the past two years. This has been expansive and extensive, with every building and room receiving some renovation effort. The hurricane damage exposed the opportunity to address added renovations, previously planned for the future, in a very cost effective way. In fact, the Parish Family Leadership took this opportunity to complete a major portion of our 5-Year Capital Plan all within this span, and much more, bringing the entire renovation to over \$16 million of effort. Let's walk through just a few examples of this transformation:

Securing the Future of our Parish Family for Another 30 Years

### Clausen Family Center

Our smallest building on campus has one of our most important missions, the Catholic education of our Parish Family and the local area. Both the Youth and Adult Faith Formation programs emanate from this building, as well as our on-site counseling services and our brand new Library (featuring both paper and electronic media and study space). This building sustained flood damage from Irma, so the walls would need to be opened up and the floors replaced. Additionally, the air conditioners for the building had totally failed, requiring not just a replacement, but a total overhaul, including new pipes from the outside units.

### Parish Activity Center

While some may still call this building the PLC, our Parish Activity Center is still under repair and renovations that began the day after Hurricane Irma. We had planned a facelift for the aging Ballroom during the Capital Campaign, but with complete devastation of the building by the hurricane, we were able to transform it into a beacon of fun activities and events for years to come. New projectors and sound system were masked while we used the Ballroom as our church for an entire year. Flooring, seating, exterior doors, walls, and stage were all renovated, including a new dance floor. Whether we are having a 300+ person concert or hosting the Naples Council of World Affairs 750 attendees at a time, the Ballroom is now ready and able to support all the activities in a warm and open environment. The 10 Classrooms and various offices that make up the rest of the PAC are now undergoing their repairs, as well, matching the Claussen Family Center.

*The Destruction was Complete for the Ballroom*

*Even the Dance Floor was Warped Beyond Saving*

*New Ballroom was Our Church*

### Pulte Family Life Center

The latest addition to our campus is the Pulte Family Life Center, the home of our Catholic Youth Organization and Catholic Adult Organization. This enlivening new facility has served us well already, doubling as a second church during season along with the initial set of our program offerings for our Parish Family and the Community.

### Campus Improvements

From the brand new exterior lighting for the parking lots and walkways, to cameras for protection and surveillance, the new parking lots increasing the amount of spaces available, to our new pond in the back of the campus, nearly every inch of the campus has been enhanced and improved.

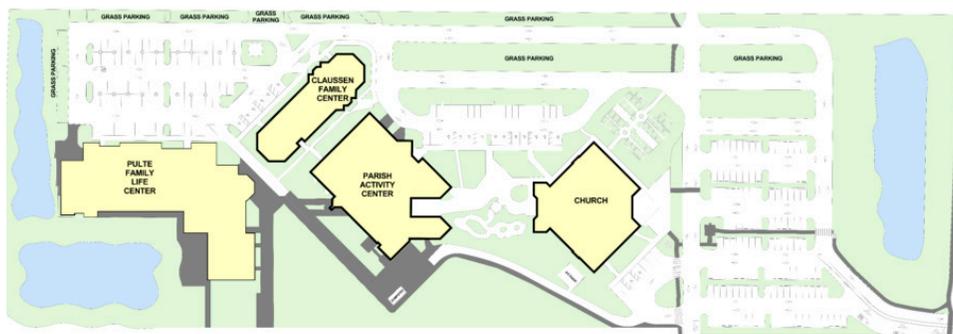

*Hurricane Irma Damaged Nearly All the Lights on Campus*

*Evenings are Safe and Beautiful on Campus*

### Our Church

Last but certainly not least is our new church. Every inch has been updated and repaired. There are parts that you may never realize have been completely renovated, like the plumbing and electrical work. You may have already felt the Air Conditioning is tremendously improved as all duct work was replaced with the proper materials. Then, of course, there is all the visible effort, like the beautiful Liturgical environment, including new pews and marble from Florence, Italy. We ensured that the church building would be efficient and joyous for the next 30 years of Saint John's service to our community and Parish Family, including "future-proofing" the building (for example, those platforms on the side of the walls are for potential projectors to view the Psalms and other Mass parts, if we determine that our Parish Family would like that type of engagement).

*The Full Grandeur of Our Sanctuary*

*Marble Follows the Aisle Up the Back Wall*

*Altar Houses First-Class Relic of Saint Thomas the Apostle*

So, what does all this tremendous effort mean for our Parish Family? We now have a completely transformed campus that will serve us all for decades to come. In hard “dollars and cents:”

## Children Preparing for First Communion Celebrate Together at Enrollment Mass

During the month of October, 70 of our children in Faith Formation preparing for First Reconciliation and First Holy Communion came together with their families to celebrate Mass and participate in the Rite of Enrollment. These children are a vibrant sign of the continuing faith of our parish community. Their catechists and parents have been working faithfully to help prepare them. The Rite of Enrollment Ceremony marked another milestone along their "journey of faith" as they prepare for these sacraments. During the Mass, Fr. Tom gave the children and their families a special blessing. Together with Deacon Frank, they gave each child a special necklace to wear at Mass over the next several months leading up to First Holy Communion on May 2, 2020. Please continue to keep these children and families in your prayers.

## Catholic Author/Speaker and Physicist – Dr. David Keys Returns to St. John the Evangelist

On November 10th at 6:15 p.m. Dr. Keys will present:  
**God, Evolution, and the Origin of Life**

***The issue isn't either religion or science, but both religion and science.***

Dr. Keys will contrast the Church's Teachings with modern Science's explanations and will show that there is no conflict between the two when properly understood. In fact, Science should lead one to God. (Rom 1:20)

***Learn the teachings of the Church regarding Creation and Science.***

You will be familiarized with the Church-approved method of understanding Scripture as applied to Creation, and you will learn the Papal Encyclical requirements regarding the study of Evolution.

***Discover how Evolution is Cosmic, Chemical, Biologic, AND PLANNED.***

Hear the utterly fascinating story of the "Goldilocks" steps of Earth's Cosmic Evolution (for example, not too hot, not too cold), the incredulous step of Chemical Evolution (Initiation of Life), and the development of animal life in Biologic Evolution, which was consummated with the installation of a Soul in our first parents.

***Come to the Nazareth Room of the Pulte Family Life Center Sunday, Nov. 10, 2019, at 6:15 p.m.***

Although there is no charge to attend this event, advance registration will enable us to have space for you. Register on the parish web site, [www.sjecc.com](http://www.sjecc.com), or email [jack@sjecc.com](mailto:jack@sjecc.com), or leave a message at 239.228.3918.

David Keys has a Ph.D. in Physics from Washington University in St. Louis (1984) and worked in the field of Medical Physics for 38 years. He was involved in the physics of diagnostic imaging of patients and the physics of radiation treatment of cancer patients. During that time, he was named a Fellow by the American College of Radiology, by the American Association of Physicists in Medicine, and by the American College of Medical Physics.

However, to more deeply understand his Catholic Faith, he began a theology program at Franciscan University of Steubenville in 2002. It took a while, but he persevered, and in 2013 he received a master's degree.

Since then Dr. Keys has authored a book – *Exploring the Belief in the Real Presence*, has been on EWTN, Immaculate Heart Radio, and Covenant radio networks, primarily as a guest on Saint Joseph Radio Presents. He has also presented over 50 lectures at various parishes within the Greater Saint Louis Area.

Questions: Just email [jack@sjecc.com](mailto:jack@sjecc.com) or call (239) 228-3918 and leave a message. I respond promptly.
